

## UNIQUE, INNOVATIVE AND EASY: THE PXC POWER COSTING SOFTWARE.

**PXC** is *the* tool for an intelligent, transparent approach to cost management throughout the entire product life-cycle. Using this software, you will be able to view all specific cost right down to the individual component part level. Developed on the basis of our lengthy track record in the cost management field and our strong industry-specific knowledge, this tool is backed up by a comprehensive global database of all relevant cost factors which we update on a regular basis.

### AN OVERVIEW OF YOUR BENEFITS:

- **Modular stand-alone software solution** for the manufacturing industry, based on the Microsoft Office package.
- **Transparency:** integrated costing system with all relevant cost for parts, logistics, development and tooling.
- **Database continually updated** with country-specific data and overheads as well as labour, material and machine cost from across the world to form the backbone of the system.
- **Individuality:** technology templates for a range of standard production procedures provided on request.
- **Output formats:** user-friendly presentation with standard automotive output formats.
- **Flexibility:** PXC is available to buy and on a licence model.

**JOIN OTHERS ALREADY BENEFITING FROM PXC!**

## ABOUT POLARIXPARTNER.

**MANAGEMENT. CONSULTANCY. IMPLEMENTATION.** POLARIXPARTNER is the management consultancy for the manufacturing industry. As industry insiders with many years of experience, we guide you on your way to success, just as the North Star, Polaris, has offered generations of seafarers orientation. Our approach is holistic, our philosophy focussed on implementation: we analyse and strategically evaluate your core processes while remaining active on your shop floor to make sure that optimal improvements are implemented up and down your value creation chain. **THINKING AHEAD. OPTIMISING. IMPLEMENTING.**
